## Working Prototype

**Development:** \$434,840

This is what we are showing you today.

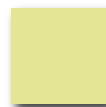

**Build Out in Stages:** Acquire key datasets; user guides and training, system infrastructure solidified for wide-spread use; the site >>>

>>> becomes fully available to all stakeholders and capable of being used for inquiry, metrics, and outcomes measurement.

*\$1 million*

**Refine & Maintain:** Maintain and refine system, in addition to ongoing monitoring. Adjust as necessary. *\$250,000 annually*
